ORGANIZATIONAL SUCCESS PLAN

2022–2024
Strategic Priorities

Celebrating 112 Years Serving Children, Youth, and Families
Executive Summary

Dear Fellow Advocates, Partners, and Supporters,

Atlantic Street Center is celebrating 112 years with a solid historical foundation in the greater Seattle area. Our mission of helping families and communities raise healthy, successful children and youth allows us to deliver on our strong cause of empowerment and support to our community.

Over the past few years, we have endured a period of unexpected challenges. Yet, there have been opportunities to engage in bold and innovative ways for Atlantic Street Center to press forward and address the increasing need for our services. During the ongoing COVID-19 pandemic and recent events of race-based hatred, violence and unrest, the organization stood firm on its commitment to local families, while embarking on a journey to complete a smooth leadership transition and continuity planning for the agency. With the support of the Third Sector Company and under interim executive leadership support, an initial organizational assessment was conducted that identified preliminary strategic priorities for Atlantic Street Center. Once a national candidate search for a permanent Executive Director was completed in May 2021, the organization continued its planning. In the winter of 2021-2022, ASC created nine key strategic themes and long-term priorities.

Our organizational success plan for the next two years has an overarching goal of enabling Atlantic Street Center to reinforce its strong foundation and lay additional groundwork for programmatic and operational capacity-building to address the increasing demand for services and community impact.

The strategic themes and priorities include:

- Perpetual Strategic Planning
- Transparency
- Unified Internal Community
- Advocates & Partners
- Operational Capacity Building
- Programmatic Capacity Building
- Social Justice
- Resource Development
- Governance

As we celebrate serving over 1800 children, youth, and families in 2021, Atlantic Street Center’s current mantra centers around three reminders that guide us as we embark on our strategic initiatives and elevate Atlantic Street Center as we continue to journey to new heights of community service:

**Embrace:** The resilience and strength of families, and the dedicated pool of professional staff committed to the Atlantic Street Center mission and cause;

**Build:** On a rich legacy of service achievements touching the lives of children, youth, and families; &

**Advance:** Leverage the lessons learned from our legacy of impact, while seizing new opportunities … and doing so in, for, and with the community.

The following details the Atlantic Street Center’s Organizational Success Plan for the period of 2022 through 2024. We sincerely thank you all for your on-going support.

Dr. Pela S. Terry
Executive Director
OUR MISSION

Our mission is to help families and communities raise healthy, successful children and youth through direct services and advocacy for social justice and equity.
Social Equity & Justice: A Commitment to Anti-Racism & Defeating Marginalization
**Guiding Principles**

*We support families and communities with raising healthy, successful children and youth through direct services and advocacy for social justice and equity. *Therefore:*

**PRINCIPLE #1**
*We at Atlantic Street Center* will engage our staff, colleagues, and members of the community with the highest regard, respect our individual differences, and tolerate no acts of discrimination or inequity in our engagements as Atlantic Street Center employees.

**PRINCIPLE #2**
*We at Atlantic Street Center* will educate ourselves about the history of systemic racism impacting our communities and the barriers that continue to present today and every day. We will do this by sharing insights internally with colleagues and by partnering with culturally sensitive entities including, but not limited to, nonprofits and educational institutions.

**PRINCIPLE #3**
*We at Atlantic Street Center* will continually examine our internal systems, including our people, policies, and practices, in an effort to remain a diverse, equity-driven, and inclusive work environment as part of our organizational culture. We are dedicated to removing barriers, diversifying our talent pool, and creating opportunities in the workplace.

**PRINCIPLE #4**
*We at Atlantic Street Center* will actively listen to those affected and marginalized by systemic barriers to learn how we can help, then follow up on actionable areas focusing on what’s working, what needs improvement, and where we can be most effective.

**PRINCIPLE #5**
*We at Atlantic Street Center* will identify, support, and collaborate with like-minded organizations who work tirelessly in vulnerable communities, requesting careful review of our work in marginalized sectors and assistance with identifying the work that still needs to be done.

**PRINCIPLE #6**
*We at Atlantic Street Center* will use our abilities, influence, and position to amplify unheard voices and endorse initiatives that lead to racial justice and opportunities for all.

**PRINCIPLE #7**
*We at Atlantic Street Center* will continue ongoing conversations with the Executive Director, Board, and management leaders to collectively address issues of social injustice, racism and biases in our organization and the communities we serve, confirming within Atlantic Street Center that diversity, equity, inclusion (DEI) is a strategic imperative with demonstrated commitment and actions.

(Adopted 2021)
ATLANTIC STREET CENTER IMPACTS THE COMMUNITY THROUGH FOUR PROGRAM AREAS:

**Behavioral Health**

Licensed, skilled mental health therapists provide counseling services that strengthen participants' coping skills, giving them the tools to achieve and maintain emotional health and well being. Counseling services are supported by case management to help children and families identify needs, access services, assess options, and create action plans for positive changes. We also engage youth in therapeutic gaming via our CoRe services.

**Early Learning**

Our Early Learning Program includes our ParentChild+ supports, which is based on a national, evidence-based early literacy, parenting, and school readiness model that is committed to closing the achievement gap by providing low-income families with the skills and materials they need to prepare their children for school and life success.

**Gender-based Violence (GBV)**

The Gender-based Violence (GBV) Program provides counseling and advocacy to marginalized and underserved African-American and Hispanic victims of Domestic Violence and Sexual Assault who live throughout Southeast and South King County. The majority of our survivors are mothers (92%) between the ages of 22 – 45, with an average of 2 – 4 children.

**Youth Development and Education Supports**

We offer after-school activities, violence prevention education, tutoring, summer school, support groups, classes, community events, and access to resources for self-help and improvement for youth. Families are similarly supported through our Kinship Care groups, Teen Parent Program and Learn and Raise program; all designed to support families in raising healthy successful children and youth while supporting parents and caregivers.
